# Perform L

Designed for users that need a balance between privacy and collaboration, the L-shaped arrangement of Perform provides employees with individual spaces that are ideal for working in groups. Workstations are customisable to fit in with the requirements, atmosphere and ethos of any desired workspace.

A range of screen options are available to suit an employee's specific needs: from fabric and fabric-magnetic screens that function as notice boards, to glass or whiteboards for note-taking. Using different colours provides the option to bring a vibrant flash of contemporary design into the office, and also allows intelligent segregation of departments within a common workspace.

Honeywell

Perform workstations can be arranged to accommodate different numbers of desks in a cluster with each desk available in a range of sizes. Through these customisations, various work styles, team structures and employee requirements can be accommodated and nurtured.

Notable clients: Avery Denisson, Huawei, UST Global, Baxter, Nova Nordisk, Amber Road, Capegemini, ACS, JPMorgan Chase

Perform Linear

Providing a uniform, professional aesthetic for offices with a large number of users, Perform Linear maintains an environment where productivity is key. This arrangement is a sustainable, economic solution and maximises space potential.

Privacy screens and pedestal units allow employees to make an area their own. Discreet accessory trays and minimal accessories that blend in perfectly with Perform screens make for a proficient use of desk space.

Notable clients: Hindustan Unilever, Caterpillar, Axis Bank, Aon Hewitt, Tally, Vodafone, Lenovo, Google, KPMG

Perform 120

Eye-catching contemporary design for open office environments. Made to facilitate collaboration and generate creativity, Perform 120 is ideal for creative departments and small businesses. The 120 degree configuration works well with Perform's many customisation options to provide a truly modern office environment.
